**CERTIFICATE OF ANALYSIS FOR Titandioxide Tiox 230**

| <b>Titandioxide Tiox 230</b>                         | <b>TEST RESULTS</b> |
|------------------------------------------------------|---------------------|
| Fraction of total mass of Tio <sub>2</sub> %         | 91                  |
| Fraction of total mass of rutile form %              | 98                  |
| Fraction of total mass of volatiles %                | 0,2                 |
| Fraction of total mass of matters,soluble in water % | 0,2                 |
| pH water suspension                                  | 6,8                 |
| Residue on sieve with net 0045 %                     | 0,008               |
| Whitening power,arbitr. Unit                         | 2120                |
| Hiding power g/m <sup>2</sup>                        | 25                  |
| Dispersibility, mkm                                  | 12                  |
| Whiteness arbitr. Unit                               | 97,3                |
| Oil Absorption g/100g                                | 22                  |
| LOT NO                                               | 2230 21248          |
